

## ANNIVERSARY DAMASK

Created By Chris Horne, Amscan International Limited.

Beautifully co-ordinated and sophisticated.

### Product Required:

- 1 x 36" Anagram Decorator Curves, Black: (1997699)
- 1 x 17" Anagram Decorator Crescent, Black: (1997099)
- 1 x 18" Happy Anniversary Damask: (2207601)
- 3 x 18" Metallic Gold Hearts (1058502)
- Gold Balloon Ribbon
- 1 x gold double heart balloon weight (11711-19)
- Self Adhesive Hook and Loop Tape
- Cable Ties

### Construction Method:

1. Inflate the 36" Black Curve, the 18" Anniversary balloon and the 17" black crescent with helium (please note that the crescent will not float - but filling it with helium makes it lighter).
2. Hold the tails of all three balloons together, and secure with a cable tie, folding the tails in neatly as you do so for tidiness. Tie a ribbon at this point.
3. Inflate all the 18" Gold Hearts with helium, and attach ribbons.
4. Arrange the balloons into a bouquet as above and secure to the weight.
5. Use small pieces of hook and loop tape to keep the curve, crescent and 18" balloons in the right positions as above.

**Estimated Labour time: 10 minutes.**
