

Simple Jubilee Column

Jubilee

Designed By Chris Horne

Product Required:

- 4 x Sempertex 5" Fashion Red 20001971
- 8 x Sempertex 5" Fashion White 20001968
- 4 x Sempertex 5" Fashion Royal Blue 20001982
- 4 x Sempertex 12" Fashion White 20000723
- 2 x Sempertex 12" Fashion Red 20000732
- 2 x Sempertex 12" Fashion Royal Blue 20000761
- 2 x Sempertex 260 Fashion White 20002787
- 2 x Sempertex 260 Fashion Red 20002791
- 2 x Sempertex 260 Fashion Royal Blue 20002804
- 1 x Sempertex 660LOL Fashion White 20001145
- 2 x Amscan GB Wavy Flags 9913048
- 1 x Anagram 26" Number 7 Silver 3196101
- 1 x Anagram 26" Number 0 Silver 3195401
- Scraps of 260 modelling balloon
- Balloon Bond CC10630
- Stretchy Balloon Tape CC10525
- 1 x Lamp base

Estimated Labour time: 20 minutes.

Construction Method:

1. Cut the tip off the white 660 balloon and pull the whole balloon down over the pole of the lamp base, neck at the bottom. Tie a scrap of 260 tightly around to stop the 660 sliding back up the pole when stretched.
2. Grip the top of the 660 and quickly stretch it up to the top of the pole. Tie off with another scrap of 260.
3. Turn the plastic lampshade upside down and drop it over the pole to cover the base.
4. Create a 4-balloon cluster using 2 x 12" White, 1 x 12" Blue and 1 x 12" Red inflated to 8" and wrap onto the pole at the base.
5. Create a similar 4-balloon cluster using 5" balloons inflated to 4.5" and wrap above the larger cluster.
6. Make 2 more clusters of 5" balloons inflated to 4" and wrap one above the other in the middle of the pole.
7. Create a 4-balloon cluster in the same colour combination, using 12" balloons inflated to 7" and wrap around the top of the pole.
8. A final cluster of 5" balloons inflated to 4.5" is wrapped below the top cluster.
9. Inflate the 2 foil numbers with air, tape up the tails, and cut off the tabs. Stick them together with Balloon Bond.
10. Attach a scrap of 260 to the bottom corner of the number 7 using stretchy balloon tape.
11. Attach the numbers to the top of the design by wrapping the 260 scrap tightly through the top cluster.
12. Inflate the 260 balloons approx. 2/3 of their length and add these into the design as shown – tying in or securing with balloon bond depending on preference.
13. Push the 2 wavy flags into the design as shown and secure with balloon bond.
