

The following warnings apply to both latex and foil balloons:

- **Read all instructions and warnings before using the balloons**
- **Inflate balloons using a pump, away from the face & eyes**
- **Where applicable or supervising, always use un-inflated balloons away from young children (Toy safety standard considers potential choking hazard for children under 8 years from broken and un-inflated balloons)**
- **Dispose of all plastic bags and packaging attachments associated with the item supplied**
- **After event/use, destroy & dispose of the items carefully.**

The following warnings also apply to latex balloons:

- **“Warning! Children under eight years can choke or suffocate on un-inflated balloons. Adult supervision is required. Keep un-inflated balloons away from children. Discard broken balloons at once”**
- **Made from natural latex.**

The following warning also applies to foil balloons:

Do not release outdoors or near electric power lines.
