

## MR & MRS STAND-UP

Created By Chris Horne, Amscan International Limited.

Perfect for creating a big impact inexpensively and in record time, this design is adaptable to suit any occasion.

### Product Required:

- 2 x 42" Anagram Holographic Fireworks balloons: 1626199
- 2 x standard Anagram Silver Foil Heart balloons: 1057602
- 1 x Mr & Mrs SuperShape balloon: 1791101,02
- 1 x Silver foil weight: 991365-18
- Balloon Bond
- Clear tape, Cable ties.

### Construction Method:

1. Inflate one of the 42" curves and one of the standard hearts with helium hold the tails together and pass both through the loop on the weight. Bend the tails up and secure with a cable tie.
2. Inflate the Mr & Mrs SuperShape balloon with helium and secure to the curve balloon as shown in the picture, using 2 x pieces of Balloon Bond.
3. Inflate the other 42" curve and secure it to the SuperShape as shown in the picture using 2 x pieces of Balloon Bond. The tail of the balloon should be at the top.
4. Inflate the second standard foil heart with helium. Hold the tail together with the tail of the top Curve balloon, fold neatly and use a cable tie to secure.
5. Use small pieces of Balloon Bond to secure the two standard hearts in position.

This design can be air filled and suspended from above to comply with California Law.

If air filled, this design can be suspended or mounted horizontally to make an impressive "banner" style decoration!
